Average Customer Review: 4.8 out of 5 stars See all reviews (144 customer reviews)

Best Sellers Rank: #27,629 in Books (See Top 100 in Books) #41 in Books > Comics & Graphic Novels > Graphic Novels > Literary #90 in Books > Comics & Graphic Novels > Fantasy Graphic Novels #3842 in Books > Teens

**Customer Reviews**

Since most people that read this edition of Scott Pilgrim will already be familiar with the story, I’m going to review what color does for the story and a bit about the added bonus features. In some ways I’m a traditionalist and I don’t really like the trend of coloring black and white comics as it does take a bit away from how the story was originally presented. In the case of Scott Pilgrim, the black and white at times felt perfect for the story as it give it a magnaesque vibe to it that fit well with the storyline. But...at the same time as the series and characters progressed the black and white felt limiting, as we talked about the changes in Ramona’s hair color and the fight scenes that shaped the characters. So I am glad to have a chance to read the colorized version of the novel as it brings an added vibrancy and depth to Bryan’s work. The colors help make the character come to life and it feels like a good animated Saturday morning cartoon, like Animaniacs, which works well with the story. In particular the color enhances the band and battle scenes, making a good black and white drawing, suddenly feel animated. My favorite scenes in color--Scott’s battle sequence with matthew
Patel and the demon girls. The color just brings so much to that scene, shadows and highlights that just make things pop. So despite my unease the color really does help create a more vibrant story. This volume also includes some bonus content that reveals the life of Scott Pilgrim, before he became Scott Pilgrim. Bryan shares with us some of his influences, such as the title of a band’s song, friends and family that the characters and story were based upon, and how he sold the idea to Oni to create this series of graphic novels.
