Customer Reviews

Best prayer study book I've read in a very long time. Just like the movie "War Room" this step by step outline on going to battle through prayer is fantastic. I feel like there's nothing nor no one that I can't pray for! Definite great addition to your daily prayer and bible study.

I ordered two books, one for myself and one for a gift. I was so sad to see you need to buy additional videos to actually utilize the great efforts of this book. The videos are expensive when you have to buy each individually. I am hoping there is another solution to this problem without having to go through the hassle of returning. I wish the description would have been precise. Saying exactly what this book is, and how to use it. I think there was too much emphasis placed on the author. This should be a link connecting the authors page. People want to know about the book, not the life story of the author.

I love this book, it's awesome !! If you really want to draw close to God, Prayer is the way to do it !!! This books helps you understand the importance and principles of Prayer !!!

This book honestly is life changing. I loved this book, it made me closure to God and made be get into my bible for in each chapter there is a multitude of bible verses. this book contains so much knowledge and made me realize I was not were I needed to be with God. This book came to me in good condition with nothing wrong with the appearance or the inside. Very Satisfied and would suggest this is anyone looking for a book to bring them closure to God!

What an amazing book!! This is one of the best books I've bought recently! The Kendrick brothers are very talented and I love their work! I'm glad that they have a tool like this one to help us grow spiritually; the walk us daily thought the meaning of prayer and give us a number of resources to learn how to pray more effectively. I definitely recommend this

I am disappointed to find no video to teach from. The product description is deceiving the way it is written. I am now at a bit of a loss trying to pull my class together for 13 people who expect me to have my materials together. Not good! Enough complaining, now I have to find where I can acquire the DVD! I am not a happy customer!

I purchased this book not knowing that you needed DVD's to go along with the lessons. That should be specified. Now I am going to have to go through the hassle of returning the book. Oh well. I have been an customer for years and this is the first time that I have been disappointed with a purchase, but I will continue to be a customer.

I purchased this book from my local bookstore and then each of the individual video sessions off the Lifeway site. There are 8 chapters with a video for each. The 20-minute videos feature the Kendrick brothers plus some other wise prayers, e.g. Priscilla Shirer and David Butts. The videos are excellent and I easily filled the note page provided for each one. You work through each chapter across 5 days with specific questions and verses to study that encourage you to incorporate various strategies in your prayer life. These strategies include: Praying in Faith, Praying Scripture, Praying the Names of God, Praying for Family, the Lost and Intercession for those in need. This study is designed for a group, however, it works for an individual and challenges you to be more specific and focused in your prayer life. And shows you how to do it. With tremendous emphasis on using

Scripture in your prayers this is an excellent companion piece to the Battle Plan for Prayer standalone book. My prayer life has benefited tremendously from this study and I highly recommend it.
