Finding The First T. Rex (Totally True Adventures) (A Stepping Stone Book(TM))

Synopsis

IN 1902, WILLIAM HORNADAY handed a map to the famous paleontologist Barnum Brown. It was Hornaday's hand-drawn directions to a remote area of the Montana Badlands, where he believed amazing dinosaur fossils lay buried. Following the map, Brown dug up a jawbone edged with six-inch long teeth, the remains of a monstrous creature no one had ever seen before. But one bone wasn't enough, and Brown soon found himself in a desperate race to discover the skeleton of the mystery carnivore!

Book Information

Customer Reviews

Great book for kids just getting into chapter books!

A very nice read for the older child or young adolescent who is interested in dinosaurs and the history of their discovery.

Interesting fast read, looking forward to showing it to the grandkids. Dinosaur tales are always fun for all ages of kids.
