Neural Network Training Using Genetic Algorithms (Series In Machine Perception And Artificial Intelligence)
The use of genetic algorithms as a training method for neural networks is described in this book. After introducing neural networks and genetic algorithms, it gives a number of examples to demonstrate the use of the proposed techniques. Moreover, a comparison of the results with the back-propagation algorithm is made.

**Book Information**

Series: Series in Machine Perception and Artificial Intelligence
Hardcover: 130 pages
Publisher: World Scientific Pub Co Inc (March 1997)
Language: English
ISBN-10: 9810229194
Product Dimensions: 0.5 x 7.2 x 10.2 inches
Shipping Weight: 1 pounds
