My son who is 10 years old, had to do a biography book report , and because he is a huge Cristiano Ronaldo and Portuguese soccer fan decided to choose this book. We chose this book together because I play soccer and am a huge soccer fan myself. It was excellent, easy to read, and taught us both some things about the greatest player in the world. I would recommend this book to people of all ages! Simply awesome!

An exciting and inspirational must-read read for soccer fans and athletes of all ages. Transports the reader into the life of Cristiano Ronaldo and makes you feel all ups and downs, the struggles and the enormous triumphs of this charismatic, once-in-lifetime sports superstar. Wonderful for aspiring young soccer players and fans of all sports. Buy this book!!!

"A great rags to riches story about soccer great Cristiano Ronaldo. Although this book is aimed at ages 9 and up, I think it works for all ages. I thoroughly enjoyed it. It has a ton of heart and teaches a valuable lesson about never giving up. I would recommend this to all readers, not just soccer fans. It's a great family book."

I have to say my 10 and 8 years old boys. As soon as the book arrived. My older one started to read it right of way. I ask my son what you like about the book, he said . It give you details information about Ronaldo's life that he didn't knew. . Easy to understand and Well vocabulary. And every chapter is interesting. It makes you want to keep reading.I wish the writer can make more books about other soccer players..I would get them all..for my boys. I am glad I bought two more..Keep up the good work.

My son had read The Flea about Leo Messi by the same author and loved it. So when he learned that there was one about his favorite soccer player he had to have this book. He is in the second grade, is on a competitive soccer team & is obsessed with Ronaldo as he is Portuguese just like him. It was great that this book was at his reading level and also about someone he is so passionate about. It was again easy to read, equally entertaining and engaging as the last book.

This is a great read for anyone who loves soccer or wants to be a famous soccer player. My son doesn't like reading all that much but he really enjoyed this book and actually read it.

I love it. I did it for my book report and got an A+ but not just that I also learned things that I never knew about my favorite soccer player in the whole world;) O O U. \ _ _ / \ _____ /

A terrific and inspiring biography that can be an inspiration not just for your soccer-loving youngster; any music/art/math/science-you-name it-loving reader will find that the lessons here apply to any passion that takes practice, determination, and a dream.-Steven E. de Souza
