excellent book, thank you ...

Don't bother with this book it's only 1/2 of what the 2nd edition was!! And you can still get the 2nd edition for $5.00 with the BSD CD. This is a 2 book deal, i.e. user and andmin and it dose not cover whats in the 2nd edition!! A waste of money and time. And if you buy it from Camin you will be ripped off. 32 days and still no book!!
