Customer Reviews

Fairy tales and high fantasy have their own tropes -- wizards, witches, princesses, dragons and princes coming to the rescue of damsels. But none of them will ever look quite the same after reading Patricia C. Wrede's "The Enchanted Forest Chronicles: Dealing with Dragons / Searching for Dragons / Calling on Dragons / Talking to Dragons," bringing together four charming little fantasy stories. Wrede cleverly pokes fun at all the things you've come to expect from princess tales, including the now-cliched rebellious princess trope. "Dealing with Dragons" introduces Princess Cimorene, youngest daughter of the king of Linderwall. Like most medieval tomboys, Cimorene is considered rough, unseemly and stubborn -- she wants to fight with swords and learn magic. On the advice from a magic frog, she goes out in search of a dragon to be housekeeper for. But when she's not sending away valiant knights, she's dealing with some very troublesome wizards. "Searching For

Dragons" picks up when the dragon Kazul goes mysteriously missing. Cimorene is, unsurprisingly, very concerned about this and wants to find her. Enter Mendanbar, a young king as unconventional as Cimorene -- not to mention in need of a wife. But even though he goes along to find Kazul, with wizards and laughter all around, he'll find that he's much more interested in Cimorene."Calling on Dragons" skips ahead to when Cimorene and Mendanbar are married, and Queen Cimorene is pregnant. All is right, right? Wrong. Magic is vanishing in the Enchanted Forest; the king's sword has been stolen. To combat the troublesome wizards, Morwen the witch teams up with Cimorene, Kazul, Telemain the Magician, and a rabbit called Killer.
