Koko Bear's Big Earache: Preparing Your Child For Ear Tube Surgery (Family & Childcare)

Synopsis

KoKo Bear wakes at night with another big earache--and now Dr. Polar suggests the insertion of tiny ear tubes. This means a trip to the hospital for day surgery and KoKo is naturally a little afraid. Includes a question and answer section on common parental concerns. Full-color illustrations.

Customer Reviews

It was an informative book, and it helped prepare my 4 year old for his surgery, but he preferred "Tubes in My Ears: My Trip to the Hospital"

Very poor formatting. Words and pictures do not appear side by side by on seperate pages. It's shameful that children's books aren't more user friendly.

Very sound advice and a good story could show more about specifics of ear exams for the children to get more used to it.

great preparation for children having ear tube insertion

Great for a child that need to know how everything is going to work. it is older book so some of the things seem out dated but for help a child grip the idea of the proposes awesome .
