The book arrived in a timely fashion and was loved by my grandson. He particularly loved the sound effects the book contained. Not only useful for potty training, but fun for him as well!

I haven't heard if he liked the book yet. I read it out loud and taped me reading it to him. The story is nice and short, probably about the right length for a 3yo boy.

this book is very successful. my son that is resisting to potty training respond wonderfully to this

book. he loves the sticker rewording system this book has.

What a cute little book for potty training. I think it will be a great help to familiarise our little one with the potty.

Ok. Given as a gift to a 2yo boy. Book is British, so I have to modify some of the words for him (to Midwestern American). He mostly just likes to hit the cheer sound button.
