Don't Go!
Daniel’s going to nursery school! He has a new classroom, a new teacher, and a brand-new cubby for all his things. But when it’s time for his mother to leave him, Daniel doesn’t want her to go. It takes a very special goodbye—and a reminder that she will always come back—to assure him that he’ll be fine. Now he’s ready to listen to stories, play at the water table, bake pumpkin cookies, and even share his favorite stuffed animal with his new friends at naptime. And when his mom returns to pick him up, he’s ready to tell her all about his day! Told with warmth and humor, Don’t Go! is the perfect book to share with an apprehensive preschooler. Included are a cookie recipe and helpful tips for parents on starting school.

**Customer Reviews**

A great book to prepare your toddler for preschool. Nice illustrations and a great story of a boy elephant, Daniel, and his first day at school. What was amazing is the fact that children can associate with Daniel, given the fact that the author does a fantastic job portraying all things, emotions, activities that preschoolers are facing every day at school. All my kids loved the book as even the sequence of activities described in the book matched what they were doing at school! A definitely must-read before your little one goes to preschool for the first time.

As a worried mother of a new preschooler, the book was extremely helpful in addressing the first
"Don't Go!", written and illustrated by Jane Breskin Zalben, is a charming picture book for younger readers. It tells the story of Daniel, a little boy who is experiencing his first day at preschool. Daniel and his family are all elephant-headed humanoids; the other kids in his class include a hippo, a pig, a cat, etc. This device is nicely used and gives the largely realistic book an appealing touch of fantasy. The friendly illustrations have bright colors. The book ends with a note from book editor Michele Coppola; she offers parents some tips for their child's first day at preschool.

So many better books out there than this one.
