Very good synopsis of Wesley and the history of Methodism, especially as it relates directly to Wesley. I highly recommend this to anyone wanting to know more about the history of John Wesley or the background and roots of the Methodist faith. I used it for background to teach a Sunday School class on this very topic.

This is the first place you should look for information about the history of Methodism and the rise of the Wesleyan movement. Heitzenrater does a phenomenal job at making the complex history approachable. A must for every Methodist!

A very clear reading. Provides a great overview of the movement. this should be read by anyone

wanting to understand the the roots of Methodism.

The focus is more on Wesley than on the "people", but this is an excellent background piece for teaching the theology and history of Methodism.

It gave me a clear understanding of Wesley's determination to find his own way to Christ. Not just settling for others beliefs

This is a very interesting resource on the history of Methodism. It is well written and would be interesting for anyone wants info on the history of Methodism.

Heitzenrater takes an enourmous and vast topic, and makes it come alive, and able to be understood by laymen like meal. HIGHLY RECOMMENDED

I wanted further information on the start of the Methodist faith and this book was recommended. It filled that need very well.
