I loved it, it is very well explained and graphic. Colorful, funny, easily explained for little kids. I hope my kid will enjoy it as much as I did

This is an excellent book if you want your child to start learning the anatomy in Spanish. My husband is a physician and he was very impressed with the details of this children's book.

A comprehensive book about the human body for children learning to read.

One of my child's favorite books. He can't get enough of it!

Great find for Spanish speakers and bilingual kids.

Very informative and entertaining for a toddler .
